S. Vonesh moved to approve. Seconded by D. Svaren. Motion carried.

J. Carlson reported that the Tri-Valley Energy Assistance Program’s response to the Department of Commerce 2017, Program Audit Report has been accepted and considered satisfactory.

J. Carlson shared that, due to Title 1 budget cuts, it may not be financially responsible to continue to house the currently small number of staff in the Apple Valley office. We have contacted realtors in that area to ascertain if leasing the building out to a third party would be a smarter choice, and it has been determined that any rent received on the space would provide us adequate income to pay the bills and taxes. It is proposed that we work with the realtor to lease the building with a 3 to 5 year lease (realtor would be compensated 6%). 1 or 2 offices in the building may be retained for Tri-Valley staff. The remaining staff will work at alternate locations (e.g., home office).

J. Boerger-Wilder moved to proceed with the plan to lease the building. Seconded by D. Diedrich. Motion carried.

J. Carlson reported that it has been determined that a resolution to form a subsidiary of Tri-Valley for the purpose of Agassiz Townhomes is not necessary, as previously indicated by our consultant. Per our attorney, the authority for creation of a legal entity for the Agassiz Townhomes is already in place, negating the need for a separate resolution.

J. Gerszewski moved to direct J. Carlson to create a legal entity for the Agassiz Townhomes. Seconded by G. Willhite. Motion carried.

J. Carlson reviewed the Tri-Valley 401K Plan Utilization report. As of March 31, 2017, the plan participation rate was 84.58%, with an average contribution percentage rate of 4.4%. Currently, our plan matches contributions up to 5%, and we are looking into options on how to increase our average contribution percentage to meet the maximum match rate. A suggestion is to amend our 401K Plan so that, after employees are auto-enrolled in the plan at 3%, the percentage contribution automatically increases annually until the 5% rate is reached (with an opt-out, if employee chooses).
D. Diedrich moved to amend the Tri-Valley 401K Plan to automatically increase employee contribution by 1% annually until 5% is reached (with opt-out choice). Seconded by D. Svaren. Motion carried.

The Tri-Valley Audit Committee, N. Nicholas, D. Diedrich, and L. Neuerburg reviewed the 2016, 990 and 990-T Returns Draft and requested Board approval to approve.

D. Diedrich moved to approve the Tri-Valley 2016, 990 and 990-T Returns Draft. Second by S. Peterson. Motion carried.

J. Carson shared the annual, 10% Federal De Minimis Indirect Cost Rate Certificate with the Board. The certificate was signed by the Board Chair, L. Vonasek.

J. Carson requested that he be designated as the Tri-Valley Identified Official with Authority, giving him the responsibility of assigning job duties to the staff at Tri-Valley, and to authorize user access to Minnesota Department of Education (MDE) websites.
