Tri-Valley's Development Fund

Our Goal is to positively impact the community with funds available.

Where does my contribution go?

- Many grants require a match, and having funds available from the Development Committee would provide new opportunities!
- With your contributions, Tri-Valley could borrow from itself for projects, facilities, etc. if there was a need.
- Your contributions could be used to meet short-term obligations and provide temporary cash-flow.
- Your contributions would provide funds as government funding requirements change.
- Your contributions would provide added resources to partnerships.
- Your contributions would support your fellow co-workers through various I-C.A.R.E. activities.

Recently, the Development Committee has…

- Sent a donation to one of our coworkers whose home was destroyed by a fire.
- Sent a donation to the 50 Years of CAP in celebration of all of our accomplishments.
- Continued lobbying efforts crucial to serving those in our communities that need our help.
