How We Help:

The Four Cornerstones of Financial Literacy program was written and developed by Darryl Dahlheimer through a federal grant administered by the Minnesota Department of Human Services, Office of Economic Opportunity and in partnership with the Minnesota Community Action Partnership.

All of our Financial Coaches are specifically trained to work with small groups and individuals in exploring their economic issues. They are trained on curriculum called the “Four Cornerstones of Financial Literacy” developed by Lutheran Social Services to empower individuals and families by gaining financial freedom.

The financial coaches are not intended to provide any specific legal, tax, or investment service, but rather they strive to provide resources and a road map for helping people find their way to financial well-being.
